**Subject:** Next Week

Den,

I anticipate that we will be rolling out week two data next week at Dimock for sure. We may also be doing home visits for week one. So, I expect that neither Kelley nor I will be able to attend the Program Meeting. In addition, Joanna will be critical to assist us in package compilation. Both Joanna and I have agreed to participate in the exercise, but I don't really see any way around not participating at this point. When I agreed, I thought we might be farther along on data roll out. If you have other thoughts, please let me know.

Rich
